Our hand-breaded chicken tenders are considered our calling card item. We serve them by the order when you come in to eat. You can call ahead and have them ready for you when you get here as a to-go item. We have guests to specify that they want them served for an in-house banquet. They can be order in bulk to be picked up and also catered in bulk. We can do anywhere from one to one-thousand or however many you need. They are \$1.25 each, pricing may vary based on quantity.

About 85% of our sales come from our buffet. We have a large amount of clubs and groups that use our banquet rooms, the buffet allows them to eat at their own leisure and conduct the meeting within their own time frame. Fried Chicken is a constant on our buffet, we generally accompany that with at least 3 other home style entrees, for example; meatloaf, pork tenderloin, sauer kraut and sausage, ham, roast beef, chicken and dumplings, fried chicken livers, fried flounder, Salmon patties, catfish, and country style steak. Included on the buffet is a large variety of seasonal vegetables, salad, soups, and desserts.
